

# Everything to Say

Written by Dan Smith & Tom Wehrle

## Verse 1:

D A/C# Bm A G A G

I will sit down next to you

D A/C# Bm A G A G-D/F#-G

And speak with you here while you lie

D A/C# Bm A G A G

Wish I had more time those days

D A/C# Bm A G D/F# G

To tell you of my life

D/F# Em C D

But I've got as much time as you have left

Glad you lived your whole life for

Knowing you didn't waste

The potential you had to smile a lot

Even through those times we faced

## Chorus:

D D/C Bm

I know you think that I don't care

D/F#-G-D

About your needs enough

D D/C Bm

I know you love me anyways

G D

But that's not the point I make

D Em

I wish that all of life was slow

D/F# G

So I could listen to you

A

Even though I'm letting go
